JASON LEHMANN - Principal

ERIC KISSINGER – Assistant Principal

Dear Parent or Guardian:

The Connecticut state law requires a physician's or dentist's written order and parental or guardian's authorization for a nurse to administer medication to students.

Our school medical advisor has approved the administration of Acetaminophen, Ibuprofen and antacids for minor problems to students, grades 6-8 who have parental written permission. This authorization must be renewed each year.

Student Name: _____ Grade: _____

I give the school nurse permission to dispense:

_____ Acetaminophen 500 mg 1 or 2 tablets p.o. every 4 hours as needed
_____ Ibuprofen 200 mg 1 or 2 tablets p.o. every 6-8 hours as needed
_____ Antacid 1 or 2 tablets p.o. no more than 4 in a day.

I understand that I must supply this medication in its original container, properly labeled, to be kept in the Health Office. I understand this medication will be destroyed if it is not picked up within one week beyond the end of the school year.
