Asbestos Informational Notification

Asbestos within East Hampton Public Schools:

The purpose of this informational notification is to ensure general awareness of the fact that the East Hampton Public Schools has asbestos containing materials within them. The asbestos material is managed in accordance with the State of Connecticut Department of Public Health Asbestos-Containing Material Regulations in Schools and the United States Environmental Protection Agency Asbestos Hazard Emergency Response Act. Surveillance of all material is conducted and recorded on six month intervals in accordance with the AHERA regulations. Abatement of damaged materials is conducted in an on-going fashion.

Records of the Six-Month AHERA Asbestos Periodic Surveillance are maintained at each school and at Central Office. If you should have any questions regarding asbestos within the schools, please contact the East Hampton Public School Facilities Department at 860-365-4000.
