Electronic Mail Communications

The Board of Education believes that Board members electronically connected to other Board members is an efficient and convenient way to communicate. The main goal of electronic mail (e-mail) is to expedite the passage of information. E-mail gives Board members quick access to one another. Communication among Board members via e-mail should conform to the same standards as other forms of communication. (i.e., committee meetings, etc.) as directed by the Freedom of Information Act. When used properly, e-mail is an effective communications tool and can provide a formal record.
