

## **Community Relations**

### **Citizens' Ad Hoc Advisory Committees**

The Board of Education supports the concept of ad hoc advisory committees, both for the Board of Education directly and for the staff.

Therefore, the Board of Education encourages the involvement of the members of the public in assisting the Board of Education and the staff in identifying the best possible decisions except in those situations where insufficient time will prevent the advisory committee to function properly.

(cf. 9133 - Standing Committees)
