Use of School Facilities

Smoke Free Environment

In accordance with law and to promote the health and safety of all students and staff, the District prohibits all employees, students and patrons from smoking or using tobacco or tobacco products in all school facilities, buildings and buses or other District transportation at all times, including athletic events and meetings. This prohibition extends to all facilities the district owns/operates, contracts for or leases to provide educational services, routine health care, daycare or early childhood development services to children, as well as facilities in which services are not provided to children.

Tobacco includes, but is not limited to, cigarettes, cigars, snuff, smoking tobacco, smokeless tobacco, nicotine delivering systems, vapor products, chemicals or devices that produce the same flavor or physical effect of nicotine substances; and any other tobacco or nicotine innovations.

Electronic nicotine delivery system means an electronic device that may be used to simulate smoking in the delivery of nicotine or other substance to a person inhaling from the device, and includes, but is not limited to, an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe or electronic hookah and any related device and any cartridge or other component of such device.

Vapor product means any product that employs a heating element, power source, electronic circuit or other electronic, chemical or mechanical means, regardless of shape or size, to produce a vapor that may or may not include nicotine, that is inhaled by the user of such product.

Breaks by employees to smoke or use tobacco products are considered recreational activities. If an employee takes a break from work to smoke or use tobacco products or leaves school grounds at any time for any reason other than District business, including to smoke or use tobacco products, he/she will not be considered to be acting within the normal course and scope of employment.

An ongoing program of student or staff support and counseling will be offered to provide support for students or staff who wish to break the smoking habit.
