Admission/Placement

Admission

District schools shall be open to all children five years of age and over who reach age five on or before the first day of January of any school year. Each such child shall have, and shall be so advised by the appropriate school authorities, an equal opportunity to participate in the program and activities of the school system without discrimination on account of race, color, sex, religion, national origin or sexual orientation. Students who are classified as homeless under federal law, and therefore do not have a fixed residence, will be admitted pursuant to federal law and policy 5118.1. Exceptions from routine admission may be made by the school Principal on the basis of supporting evidence from physical and psychological examinations.

The parent or person having control of a child five years of age shall have the option of not sending the child to school until the child is six years of age. The parent or person having control of a child six years of age shall have the option of not sending the child to school until the child is seven years of age.

The parent or person shall exercise such option by personally appearing at the school district office and signing an option form. The district shall provide the parent or person with information on the educational opportunities available in the school system.

According to Connecticut General Statute 10-76d(b2), special education will be provided for children who have attained the age of three and who have been identified as being in need of special education, and whose educational potential will be irreparably diminished without special education. If a special education student is being considered for an exception, the Planning and Placement Team (PPT) will make a recommendation to the administrator in charge of special education.

Each child entering the district schools for the first time must present a birth certificate or offer legal evidence of birth data, as well as proof of a recent physical examination and required immunizations. If the parents or guardians of any children are unable to pay for such immunizations, the expense of such immunizations shall on the recommendation of the Board, be paid by the town. Proof of domicile may also be requested by the Building Principal.

Any child entering or returning to the district from placement in a juvenile detention school, the Connecticut Juvenile Training School, or any other residential placement, shall have the educational records of such child provided to the Superintendent of Schools by the Department of Children and Families (DCF) and the Judicial Department. Such information will be shared with the Principal of the school to which the student is assigned. The Principal can disclose them to the staff who teach or care for the child.

Students

Admission/Placement

The parent or person having control of a child sixteen or seventeen years of age may consent to such child's withdrawal from school, effective July 1, 2000. The parent or person shall exercise this option by personally appearing at the school district office to sign a withdrawal form. The district shall provide the parent or person with information on the educational opportunities available in the school system and in the community.

Children who have attained the age of sixteen and who have terminated enrollment in the district's schools with parental permission as described previously and subsequently seeks readmission may be denied readmission for up to ninety school days from the date of such termination.

Children who apply for initial admission to the district's schools by transfer from nonpublic schools or from schools outside the district will be placed at the grade they would have reached elsewhere pending observation and evaluation by classroom teachers, guidance personnel, and the school Principal. After such observations and evaluations have been completed, the Principal will determine the final grade placement of the children.

Children who have attained the age of nineteen or older may be placed in an alternative school program or other suitable educational program if they cannot acquire a sufficient number of credits for graduation by age twenty-one.

Students

Foreign Exchange Students

The Board encourages international studies. Students are encouraged to participate in international exchange programs and other activities that advance cultural awareness and promote mutual understanding and respect for the citizens of other countries. To that end, it allows foreign exchange students on one year J-I visas, who are residing with families in the community to enroll on a non-tuition basis in the local schools. Students who apply must not have the equivalent of a high school diploma from a foreign school system. A high school diploma may be awarded at regular commencement exercises to all grade 12 foreign exchange students who successfully meet the academic requirements during the year in which they attend. Further, they must meet those criteria established by the administration in the areas of language competency, residency, and deportment. Only foreign exchange students sponsored by organizations screened by the administration will be accepted. The Board reserves the right to limit the number of exchange students in a given year.

With Board approval, a District school may establish a sister-school relationship with a school in another country.

Students entering the United States on F-I visas, may enter the local school system, only upon payment of the full, unsubsidized public education costs before entering the United States. Further, students on F-I visas may remain in the United States for no more than twelve (12) months. The local district, is prohibited by law, from waiving the tuition fee of students on F-I visas.

Exchange students must comply with immunization requirements set forth in state law. Once admitted, exchange students become subject to all District policies and regulations governing students.

Exchange students will be encouraged to participate in all student activities and will be eligible to participate in interscholastic athletics, provided academic requirements and Connecticut Interscholastic Athletic Conference (CIAC) criteria are met.

EAST HAMPTON PUBLIC SCHOOLS
 East Hampton, Connecticut

Students

Foreign Exchange Students

In order for a foreign exchange student to be eligible for enrollment in the East Hampton Public Schools, the following criteria must be met:

- A. The student may not be a graduate of the school system in the country in which he/she is a native.
- B. The student must be sufficiently fluent in English so that he/she would not require any special services such as ESL.
- C. The application for admission must be reviewed by the appropriate school administrator before July 1 of the school year for which the student wishes to enroll.
- D. The school must ascertain that the living situation that the student would be living in the local community is appropriate.
- E. The school must have room for the student and be able to accommodate him/her without incurring additional costs or burden.
- F. The student may not be enrolled more than one year.
- G. A foreign student will receive an honorary high school diploma, unless his/her prescribed course of study includes completion of requirements for a standard diploma. Counselors will review an appropriate course of study and will give a written recommendation to the student. The recommendation will specify either an honorary or standard diploma. All full-year students may participate in graduation ceremonies regardless of diploma received.
- H. The student may be eligible to play interscholastic sports if he/she meets the CIAC criteria.
- I. If the student is not participating in and attending the school program or is disruptive to the smooth and efficient operation of the school, the student may be dis-enrolled.
- J. This program is designed for foreign students who enter the country on one-year J-I visas through established exchange programs designated by the United States Information Agency and the Department of State and officially recognized by the Board, such as Youth for Understanding, American Field Service and Rotary.

Students

Foreign Exchange Students (continued)

- K. The student or sponsoring organization will provide all dues and fees.
- L. All international exchange students shall meet state and District immunization requirements.

Note: Students entering the United States on F-I visas may attend schools in the district only upon full payment of tuition before entering the United States. This tuition fee may not be waived due to federal legislation. Students attending school on an F-I visa are limited to a period of attendance not to exceed 12 months.

District staff shall provide relevant counseling to District students who wish to study in a foreign country. District credit for courses successfully completed in the foreign country shall be granted in accordance with Board policy and administrative regulation.
